

Through looking critically at a range of famous artists, our children will broaden their knowledge and understanding of artistic styles and techniques, and draw inspiration for their own works of art.

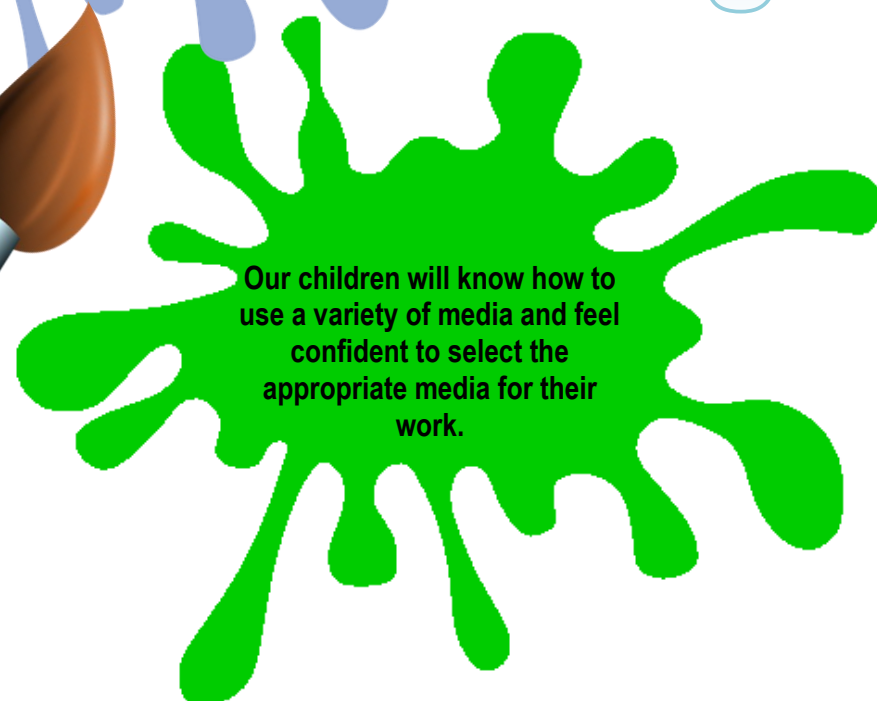

Our children will know how to use the visual elements of art - line, tone, colour, shape, form and space - to develop and produce their own artwork.

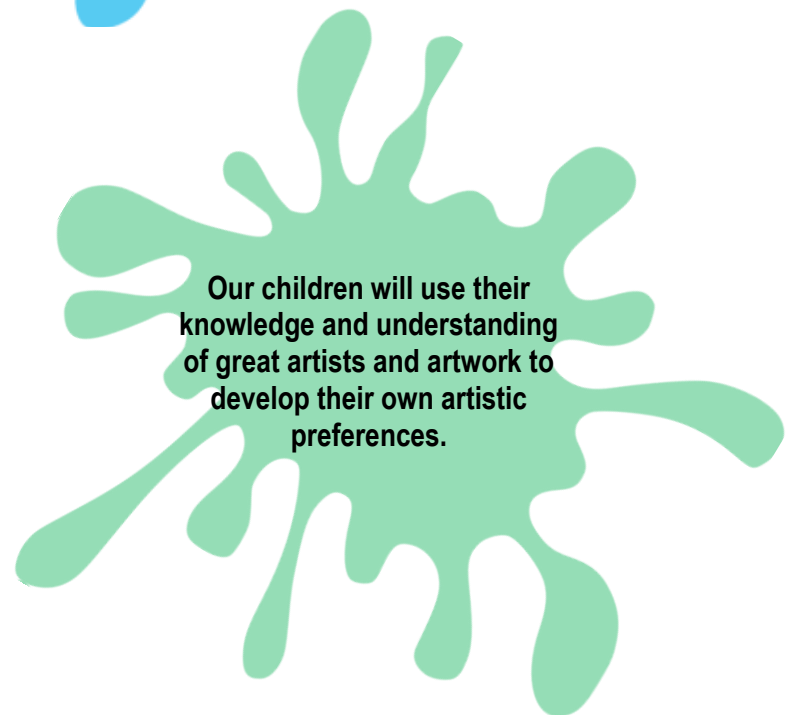

Art and Design

Our children will feel confident to express themselves through a variety of media – painting, drawing, print making, collage and sculpture.

Our children will know how to use a variety of media and feel confident to select the appropriate media for their work.

Our children will use their knowledge and understanding of great artists and artwork to develop their own artistic preferences.
