

# Foreign Languages

Our children will be taught how to pronounce sounds and to recognise how these are represented in writing.

They will be able to ask and then respond appropriately to devised questions.

Maintaining close links with our geography curriculum, the children will learn to speak, read and write Spanish in order to provide them with the opportunity to communicate more effectively with others in an evolving world.

They will be taught to and expected to read, write and apply their newly acquired knowledge of the Spanish language to describe things in a grammatically accurate way.

Our children will develop a range of commonly used and useful vocabulary.
